1. A gun powder and ammunition factory employing approximately 4,000 persons is located about two kilometers from the Pionki Station (Pionki R52/L30) on the rail line Deblin-Radom (Deblin R52/L51, Radom R52/Q19).* This factory was rebuilt during the years 1947-1949. It presently manufactures Russian caliber ammunition. The factory is guarded by factory guards and by members of the Korpus Bezpieczenstwo Wewnetrznego (Internal Security Corps) (KBW) and is surrounded by double lines of barbed wire.

Ammunition Stores near Irena

2. The ammunition dump "Stawy" is located about seven kilometers from Irena (R52/L61) near the main road between Irena and Ryki (R52/L62). From the main road, the main entrance gate and two red brick buildings are visible. A large part of the ammunition is stored underground. The entire installation is surrounded by a double line of barbed wire between which members of the KBW patrol. Workmen have special passes which they must show upon entering and leaving the warehouses. A railway spur leads to the ammunition dump.

* date of information October 1947, reported there were then 2,800 employees. Another report, date of information 1944 to 1947, noted the installations are largely underground, and added the plant was previously reported restored to 25% of its wartime capacity by 1948, at which time there were 1,000 employees. It should be noted there is a discrepancy in the plant's location of slightly more than a mile between this report and
